NORTSHORE

Special Gifts Theatre (SGT) is a not for profit 501(c)(3) organization that fosters self-confidence, social, speech and language skills in individuals with disabilities, using educational and therapeutic techniques with the stage as a platform, integrating creativity and fun while breaking down stereotypes in our communities.

About Our Programs...

Special Gifts Theatre (SGT) is the only organization in the Chicago region that provides educational and therapeutic theatre arts programming for youth and adults with disabilities. Since its founding in 2000, SGT has provided transformative theatre and expressive arts experiences for over 2,500 youth and adults and presented performances attended by more than 30,000 community members. By offering various levels of programming and professional staff, we are able to meet the needs of individuals with special needs from child to adult giving them the opportunity to shine!

Creating Outside the Lines (22 and older)

This adult program puts creativity into action through impromptu storytelling, character transformation and team based performance. Students use these techniques to further develop public speaking, self confidence and adapt to new situations.

Musical Theatre (10 and older)

Using the stage as a platform, this program enhances social and emotional literacy skills and increases self esteem. Students and their mentors practice character development, choreography and stage work.

Creativity in Motion (7 and older)

Bringing stories to life through movement and music, students develop range of motion, coordination and creativity as they listen to pop hits, tunes from popular musicals and traditional songs. Increase in body awareness, coordination and self confidence is developed.

Peer Mentor/Buddy

Typically developing peers work one-on-one with their SGT buddy on choreography, classroom activities, stage work and more! Friendships, understanding and respect grow between the pairings and continue even after the SGT season is over!

Traveling Troupe

Students and mentors who are currently enrolled in SGT programming travel by request to events throughout the Chicagoland area. Not only do they create awareness for SGT, they break down barriers related to disabilities in our communities!

Student Council

The Student Council provides skill building opportunities for students and mentors in SGT. This program fosters self advocacy, develops public speaking skills and affords opportunities to practice these skills in true community settings. Our goal is for members to practice advocating on their own behalf - critically important as they seek meaningful employment, residential options, and social interactions.

Make a difference in the life of individuals with special needs! 5K Sponsorship Opportunities

Your tax-deductible gift will support the educational programs that SGT offers students with special needs and their peer mentors. You will be providing them with programs that enhance skills both on and off the stage. Thank you for being the difference!
